IS INDICTED BY GRAND JURY.

Charged with Embezzling Sum of $52,000.

Atlanta, March 30.—The grand jury Thursday found an indictment against M. M. Turner, charging him with embezzlement from the Georgia Loan and Redemption company, of which he was secretary and treasurer.

The indictment did not come in the nature of a surprise to those who have kept up with the case. When Mr. Turner was arrested, at the instance of Judge J. C. McKinnon, of Marianna, Fla., who swore out a warrant in Judge Orr's court, he gave bond in the sum of $2,000. When the committment trial came up Mr. Turner was sick and Judge Orr postponed the hearing until April 1st.

Judge McKinnon was not at all pleased with the turn affairs took, and it was then planned to present the facts to the grand jury as soon as they met.

Eugene R. Black, who was temporary receiver for the company and on whose report the warrant was based. A. P. Marbut, R. D. Cruso, John P. McClelland and J. P. Windsor appeared before the grand jury.

The indictment charges that Turner embezzled the sum of $52,000. He was served with notice of the indictment and made a new bond.

Mr. Turner is still at his country home recuperating from his recent illness, and could not be seen. He is reported to be improving and will soon be out.

Twenty-eight true bills and two no bills were returned by the grand jury and then it adjourned subject to call.

Among the indictments were W. B. Putnam, for perjury in connection with testimony which he gave in the suit he brought against T. W. McCord in the city court. George W. Mitchell was indicted for assault with intent to murder for shooting Mrs. May Mitchell. Two indictments were returned for kidnaping—one against G. B. Wells, charged with kidnaping Alphonse Sanders, and one against J. O. Watkins, for kidnaping John Lewis Stephens. Two indictments for murder were also found.

Two Negroes Meet Death.

Atlanta, March 30.—Pink Moore and Will Smith, two negroes who were fearfully injured in the explosion of dynamite or percussion caps early Wednesday morning in the Peters street freight yards of the Southern railway, died at the Grady hospital, increasing the deaths caused by the explosion to four. It was realized by the physicians at the hospital as soon as the men were examined that nothing could be done to save their lives, and they were rendered comfortable as possible until death relieved them of the sufferings entailed by their frightful wounds.

New Trial is Denied.

Hartwell, Ga., March 30.—Judge Walter L. Hodges, of the city court of Hartwell, has handed down a decision in the case of Callie Mouchet versus the Southern Railway company, denying a new trial, which was asked by the railway company. Mrs. Mouchet sued for and recovered $1,999 for the killing of her husband at Bowersville, Ga., in the spring of last year. The case was stubbornly contested in the city court, occupying three days in the trial. The case will go to the court of appeals.

Mad Dog Bites Child.

Lithonia, Ga., March 30.—A dog belonging to L. Z. Miles of this place suposed to be mad, bit Curtis Blackmon, the 8 -year-old son of Mr. and Mrs. W. O. Blackmon. The child was bitten in two places on the calf of the leg. The parents of the boy carried him to the Pasteur institute in Atlanta fo rtreatment. The dog was killed and his head was sent to the Pasteur institute for dissection.

Order to Chicago.

San Francisco, March 30.—The Call says that Lieutenant General Arthur MacArthur has been ordered to Chicago to take command of the department of the lakes. General MacArthur has been stationed here for the last four years. He came here as commander of the department of California.

EXILE WELCOMED BY CRUTCHFIELD

His Wife and Children Will Remain In Atlanta.

REMARKABLE CASE IS ENDED

Understood that Mrs. Crutchfield is Considering Study of Stenography. Judge Calhoun Tells Crutchfield that People Are Down on Him.

Atlanta, March 30—J. H. Crutchfield left the city Friday to return to the state of Georgia no more.

Thursday he appeared before Judge Calhoun, pleaded guilty, was sentenced to 12 months in the chaingang and assessed a fine of $200. In consideration of his promise to leave the state, the chaingang sentence was suspended. This he agreed to, nd he paid his fine.

This ends one of the most remarkable cases that ever found its way into public print.

Some years ago Crutchfield and his wife came to Atlanta from North Carolina. Mrs. Crutchfield was a pretty woman and attracted attention on the streets and in other places. The couple did not live happily and they figured in more than one court episode as the result. Charges and counter-charges were made, and for a time it looked as if one or the other would secure a divorce. In fact, Mrs. Crutchfield instituted proceedings, but withdrew them.

Domestic infelicity culminated in a tragedy. Crutchfield went to the home of his wife one evening and shot her in the leg with a rifle. For a time it was thought she could not live but the limb was amputated and she is now on crutches. Crutchfield was acquitted at the trial, the jury being influenced to this verdict through a feeling that if Crutchfield were convicted his family would be a charge on the community. Judge Roan, the trial judge, openly criticised the jury for its verdict.

The direct cause of Crutchfield's banishment from the state was the suit on Colonel John Temple Graves.

In telling Crutchfield of the ultimatum of the court, Judge Calhoun stated that there was nothing for him to do but leave the state; that he had gotten a bad reputation, and the people were down on him.

Crutchfield admitted this to be a fact.

It is understood that Mrs. Crutchfield will not leave with her husband; that she will remain in Atlanta and he will pay her $40 a month as support for herself and children. She has of late made some inquiries regarding shorthand schools, and it is understood she purposes to learn stenography and try to get a position as stenographer.

Makes Offer to Minority Stockholders.

Chattanooga, Tenn., March 30.—An ultimatum was also given that it learns that Louisville and Nashvile railroad directors made an offer good until April 15, to the minority stockholders of the Chattanooga railroad. An ultimatum was also give nthat if said stockholders would not sell, the proposed buyers would not exercise their option on the majority of the stock. It is understood that the L. & N. agreed to pay one million, two hundred and five thousand dollars for Chattanooga Southern railroad stocks complete.

Cardinal Macchi Dead.

Rome, March 30.—Cardinal Luigi Macchi, secretary of apostolic briefs, died Friday after a sickness of only twelve hours of apoplexy. He celebrated mass Thursday morning. The cardinal was born in Brazil in 1832 and was elevated to the sacred college in 1889.

Report Is Denied.

Havana, March 30.—A report published here by the Commercio and the Cuba, conservative newspapers, that Consul Steinhardt was to succeed Provisional Governor Magoon, is denied by both Mr. Steinhardt and Gov. Magoon.

BULLET WOUNDS KILLS PROCTOR

Cincinnati Millionaire Puts a Bullet in His Head.

Cincinnati, O., March 30.—William A. Proctor, president of the Proctor & Gamble Co., and son of one of the firm's founders, died on Thursday afternoon from a bullet wound, self-inflicted, at his home in Glendale, a suburb of this city.

When announcement was made of his death it was stated that death resulted suddenly and it did not develop until some hours later that he had shot himself in the head while alone in the bath room.

Coroner Cameron was called and began an investigation of the circumstances of the shooting and in the meantime refused to make any statement except to say that Mr. Proctor had died from a bullet wound. Mr. Proctor was widely known in business circles and was a prominent layman in the Protestant Episcopal church, to the institutions of which he was a liberal giver.

His wealth was estimated at many millions, most of which had been made by himself. He was noted for the cooperative scheme for a division of profits with employees which he had designed for his company.

Cured of Strange Affliction.

New York, March 30.—After suffering from a strange affliction for three months, which prevented him from speaking, Frank Beirlein, 37 years old, left Bellevue hospital on Thursday night completely cured. Last winter Beirlein was struck on the head with a black jack by a negro who tried to rob him. A few days later Beirlein began to lose the power of speech. At Bellevue hospital the X-ray showed that Beirlein's skull had been fractured, causing a portion of it to press upon the portion of the brain which controlled the vocal organs. An operation was performed and a small piece of the skull removed. When Beirlein recovered from the effects of the anesthetic, it was found that he could speak.

Drawback to Immigration.

New Orleans, March 30.—A draw back to immigration in the south is pointed out by Immigration Commissioner Frank P. Sargent, as follows: There is one thing the people of the south must learn in the handling of immigrants. They must pay better wages, or the foreigners will not remain with them. The south is badly in need of agriculturists, but it is not possible for the farmers and planters to keep laborers at a wage of 90 cents to $1 per day, when they can secure a wage of $2 in the cities and states of the north.

Died of Bright's Disease.

Tokio, March 29—Afternoon—The Duke of Manchester, who was traveling with James Henry Smith, of New York, who died at Kioto, Japan, on March 27, said: Mr. Smith died of acute Bright's disease, ending in pneumonia. Everything known to science was tried to check the complaint without avail. His body will be transported to his home in America by the earliest steamer.

Negro Hanged at Magnolia.

Jackson, Miss., March 30.—Chas. Coleman, a negro, was hanged at Magnolia for the murder of Iddo Dillon, another negro. The hanging was public, and Coleman made an address from the gallows, saying he was innocent, and advising his hearers to stay away from bad companions. He was pronounced dead in 22 minutes after the drop fell.

Cases of Religious Delusions.

Chicago, March 30.—Eight cases of religious delusions were tried by Judge Smiley, in the court for the insane of detention hospital Thursday. Five of the afflicted imagined that they were doomed to be nailed to a cross and three were fasting during Lent. None of the three had eaten anything since last Sunday, when they were taken to the hospital.

Young Boy Fatally Shot.

Hartwell, Ga., March 30.—The young son of Tax Collector Asa C. Cleveland was accidentally shot and fatally wounded. Dr. J. C. Jenkins, the attending physician, is doing everything possible to save the child's life, but with little hope.

NOT GUILTY, WAS MORGAN VERDICT

Unusual Scenes at Trial of Methodist Minister.

TRIAL WITHOUT A PARALLEL

During the Trial Judge, Court, Bar and Audience Bow in Prayer. Crowd Was Most Representative that Ever Attended at Trial.

Wrightsville, Ga., March 30.—The case against Presiding Elder E. F. Morgan, was concluded with a verdict of not guilty, after the jury had been out only long enough to read the papers before them.

J. M. Cook was the foreman of the jury. The personnel of the jury returning the verdict made the verdict rendered the most complete vindication that a defendant could ask. It was composed of some of the best known, and most substantial citizens of the county of Johnson, gentlemen from all portions of the county, and numbered some of the close personal friends of the prosecutor, W. I. Flanders; while a number of the jury, perhaps, never saw the defendant before he came here for trial, and only a few of them were well acquainted with him. There were very few members of the Methodist church on the jury.

The trial is without a parallel in the records of the county and perhaps of the state. The crowd attending the trial Thursday was perhaps the most representative ever in the courthouse here. It numbered the leaders of the city and county citizenry, social, business, professional and clerical; while the number of ladies present from the sounding of the case for trial at 9 o'clock in the morning until the return of the verdict at a few minutes before midnight was an unusual feature, and at the same time a tribute to the respect and esteem in which Rev. Mr. Morgan is held here. From a distance there came leading members of the South Georgia conference, and ministers of other churches.

The state's attorney had said that this was a case which showed that prayer was needed, being one between preachers. Mr. Stubbs concluded his argument by saying that he agreed with the state's attorney in his statement that prayer was appropriate and said he would accept the challenge, and thereupon called on jury, court, bar and audience to bow with him while he offered a fervent prayer that all feelings of animus and ill will might be ended by this trial, and for exact justice to be done. It was the most unusual and touching incident that has occurred in a trial here in many years.

On the return of the verdict and immediately on adjournment of court, there was an unusual demonstration on behalf of the spectators, who crowded around the defendant and congratulate him on his vindication, shook hands with the jury, applauded and then sang "Praise God from whom all Blessings Flow," and left the court room.

The people here believe the result of the trial clears the good name of the county from the odium of the prosecution.

Alabama Minister Dead.

Huntsville, Ala., March 30.—Dr. John M. Banister, 47 year old, rector of the Episcopal church of Huntsville, died Friday morning. He was a native of Petersburg, Va.; He was 98 years of age, a graduate of Princeton, and before entering the ministry was a lawyer. William and Mary college conferred the degree of doctor of divinity upon him in 1869. He was the father of Colonel John B. Banister, and Major Willim B. Banister, of the United States army.

Safe Blowers Secure $3,000.

Jackson, Miss., March 30.—Safe blowers robbed the Farmers and Merchants' National bank of Hanover at an early hour Friday morning, securing $3,000. Two women heard the explosion and gave the alarm, but by the time the villagers had organized a posse, the robbers had escaped.

A HIGH COMPLIMENT.

Attorney Robt E. Davis Appointed to Good Office.

The Times-Union of Friday, the 29th inst., has a notice of the appointments made by the president of the Florida State Bar Association, in which Col. Robt E. Davis of this city is named as a member of the committee on legal education. This is one of the most important standing committees of the Association, and the appointment is indeed a compliment not only to Attorney Davis, but the city as well.

This committee is a most important one, and it is its duty to examine and pass upon the proposed changes in the system of legal education, and to examine the practical workings of the present law in regard to the admission of candidates for practice in this State, and to contest the right of all applicants whom the committee feels are not qualified.

This is quite a compliment to Mr. Davis, and is duly appreciated by him.

That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. At the Sunday school service the children will enter the church in procession with banners and garlands, and as each child comes forward to deposit a mite-box containing the Lenten offering for missions, he or she will add a bouquet to a cross erected in the chancel, around the foot of which the mite-boxes will be heaped. The evening service will be rendered notable by the first presentation of two beautiful and elaborate pieces of music, the "Magnificat," and "Nunc Dimittis," composed especially for Holy Trinity choir by one of its members, Mr. W. E. Cadwallader. The Palm Sunday Anthem "Hosanna," rendered last Sunday, was also of his composition.

Alexanderoff's secretary with a proposition to kill Dr. Jollos. No trace of the actual murderer has been found.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Charged with Bribery.

Columbus, O., March 30.—Fred J. Immel, former member of the city board of public safety and Attorney Franklin Rubecht, were bound over to the grand jury Friday on new charges of bribery. When arraigned in police court Friday they waived the hearing and were bound over.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. Dropped Dead While Plowing.

Conyers, Ga., March 30.—Carles W. McDonald was found dead here beside his mule and plow in the field. He was seen at work up till 10 or 11 o'clock by workmen on the other side of the field. About 5 o'clock one of the workmen found Mr. McDonald dead, lying with his face on the ground. An inquest was held and the decision reached was that he died from an epileptic fit.

Letter to E. J. Baird,
Gainesville, Fla.

Dear Sir: Not one man, in ten, knows whether he's wasting money or not, when he paints. It depends on the paint.

With one paint, your job will take 10 gallons and cost $50 for paint and labor;

with another 12 and cost $ 60;
with another 14 and cost 70;
with another 16 and cost 80;
with another 18 and cost 90;
with another 20 and cost 100;
with another 22 and cost 110.

Here's an example: Professor Irvine, of the Academy, Mercersburg, Pa., painted the floors of his dormitories every year, one year with one paint, next year with the paint of the other dealer there—to divide the business between them—till Devoe came to town.

The job took 90 gallons; takes 60 Devoe. The difference, 30 gallons, $150. He didn't know he was losing $150 a year till he got Devoe.

Another example: When Geo. W. Brown, Union, S. C. painted B. F. Arthur's house first time it took 30 gallons "cheap" paint; repainted Devoe; 14 gallons.

Yours truly,
25 F. W. DEVOE & Co.

MOTHERHOOD

MRS. JAMES CHESTER

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth.

Note what Mrs James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a success as a remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

ELKS' BILLIARD HALL.

Tables Have Been Set Up, and Are Drawing Good Crowds.

Three pool tables and one billiard table, which were ordered several weeks ago by Gainesville Lodge No. 990, B. P. O. E., have been received, duly set up and placed in commission.

These tables were set up and ready for use Thursday evening, since which time they have been constantly in use. They are of the best make, standard size, and will prove quite an attraction at the club-room.

Only Elks and their friends visiting the city will be entitled to the privilege of these tables, but they will be kept busy.

The billiard room at the Elks' club is a most attractive place, overlooking the elegant home and park of Col. H. F. Dutton. The place is delightfully cool, and is bound to prove popular among the members of the order and their friends.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints I am sure I owe this to your liniment." Sold by W. M. Johnson.

The Elks' Election.

The Sun through a misunderstanding, in recording the election of Gainesville Lodge No. 990, B. P. O. E., omitted the name of Major W. B. Thomas, who was elected a member of the board of trustees, also L. C. Lynch, past exalted ruler, who was again elected as a representative to the Grand Lodge, which will convene in Philadelphia in July of next year. Both gentlemen are good men and good Elks, and will no doubt continue to prove a credit to the order in general.

THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases until it is regarded today as the most reliable and safest of all blood medicines.

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and other various skin affections show that the blood is in a feverish and diseased condition, as the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

All blood troubles are not acquired. Through the blood disease germs are transmitted from one generation to another. Parents hand down a tainted circulation to their children, and we see its effects, manifested in various ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and, as the taint has been in the blood since birth, the entire health is usually affected, and the system weakened from want of nourishing, health-giving blood.

THOROUGHLY TESTED IN HER FAMILY.

S. S. S. has been used extensively in our family given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children, as intimated, and found it to be entirely injurious to the system and always capable of purifying the blood and restoring health. I unhesitatingly recommend it to all in need of a blood medicine. It is superior to everything else as a cure for blood disease.

MRS. CLARA DAUBERT.
Schuylkill Haven, Pa.

In all blood troubles S. S. S. has proven itself *"The King of Blood Purifiers."* It goes down into the circulation and removes all poisons, humors, waste or foreign matter and makes this life-stream pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially bracing to weak, anaemic persons.

S.S.S.

PURELY VEGETABLE

One of the greatest points in favor of S. S. S. is that it is purely vegetable, made from nature's healing, cleansing, health-producing roots, herbs and barks. It is the one medicine that may be taken with absolute safety by the youngest child or the oldest member of the family. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years, or to be transmitted to offspring. If your blood is out of order begin the use of S. S. S., The King of Blood Purifiers, and restore this vital fluid to its normal healthy condition, and enjoy the blessing of good health. Book on the blood and any special medical advice desired will be furnished free of charge to all who write.

While creeds have not always expressed the doctrine of the resurrection, yet the universal world-heart throbs with a hope of life beyond the valley and the shadow. The one inconceivable thing in the spirit-world is life independent of body. Life seeks its habitation. Just as easily might we conceive of the life-germ apart from the grain of wheat as to think of the conscious spirit apart from its bodily tenement. Christianity stands or falls with the resurrection—the great central fact of all our Easter festivities. True, we must

"Weep awhile, if ye are fain—
Sunshine still must follow rain;
Only not at death, for death,
Now I know, is that first breath
Which our souls draw when we enter
Life, which is of all life, center"

At the open grave, on this Easter day, the race stands peering into the dim and distant future. It asks the question: "How are the dead raised up, and with what body do they come?" There never has been but one recorded answer to this great query: "Thou sowest not that body that shall be, but bare grain; it may chance of wheat, or of some other grain." It requires no impossible feat of the human mind to understand that physical changes may be wrought without effect on the realm of spirit. It is said that the throbbing heart undergoes radical change in specified time. Anatomists tell us that the body passes through a perfect metamorphose within a term of years, and yet identity is undisturbed. Here is the supreme thought in the Christian faith. It may have been another—that resurrection body. But the nail-prints and the clefted side were tangible evidences that steadied the faith of Thomas. When I reach the land of the good, among all the blood-washed throng I may not find the flesh and blood of my sainted dead. But, just as the new grain of wheat is not different from the old long since dead, so shall I recognize my loved and lost in all that summerland of flowers.

Subscription to a specified creed, or to no creed at all, seems not to have forestalled these gleamings of the immortal life. Cicero, the majestic orator and silver-tongue among the Romans, said long ago: "There is, I know not how, in the minds of men, a certain presage, as it were, of a future existence; and this takes deepest root and is the most discoverable in the greatest geniuses and the most exalted souls." Dryden, whose verse is not always in tune with the Infinite, said:

"Sure there is none but that fears a future state;
And when the most obdurate swear they do not,
Their trembling hearts belie their boasting tongues."

Colonel Robert G. Ingersoll is said to have been an agnostic. He was an arch-doubter. After every truth—any truth irresponsive to human sense—he placed the eternal interrogation point. His creed lay within the narrow boundaries of "I KNOW." Ingersoll's diction was like a poem; his thought a dream of beauty. Listen to this period pronounced by him at the open grave of his brother: "He believed that happiness was the only good, reason the only torch, justice the only worship, humanity the only religion, and love the only priest. He added to the sum of human joy; and were everyone to whom he did a loving service to bring a blossom to his grave, he would sleep tonight beneath a wilderness of flowers. Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry aloud, and the only answer is the wailing echo of our cry. From the voiceless lips of the unreplying dead there comes no word; but in the night of death hope sees a star and listening love can hear the rustle of a wing. He who sleeps here when dying, mistaking the approach of death for the return of health, whispered with his latest breath, 'I am better now.' Let us believe, in spite of doubts and dogmas, of fears and tears, that these dear words are true of all the countless dead." The question stands at the door of the universal heart:

"Can it be?
Matter immortal? And shall spirit die?
Above the nobler, shall less noble rise?
Shall man alone, for whom all else revives,
No resurrection know? Shall man alone,
Imperial man! be sown in barren ground,
Less privileged than the grain on which he feeds?"

There's grandeur in the thought—they shall sleep, but not forever; there will be a glorious dawn! That is a meaningful illustration—Sleep. Profoundly restful; it is undisturbed by the last of foes. Profoundly satisfying; its argument is life, its triumphant consummation a glorious awakening. We dread the charnal-house of the dead because of unmeasured years that may antedate the resurrection morning. To sleep forever, in a damp and narrow grave, is a thought intolerable. We forget that a peaceful slumber has no consciousness of the passing years. Death is only a dreamless sleep. In the tomb's unbroken hush a thousand years are but as a day.

Anemones have been known to spring into bloom from seed that had been buried amidst the ruins of an ancient city for two thousand years. The doctrine of the resurrection is the anemone of the Gospel—the wind-flower. It has been wafted over decaying centuries and apostate ages with the freshness of a new-blown flower. Amid the world's history of changing creeds and shifting faiths, the universal race waves its last farewell. Across the chasm of sighs and sobs it cries in exultant joy: "I believe in the resurrection of the dead!"

Each recurring Easter revives the memory of the great resurrection triumph. Resting on its promised hope, earth's lingering hosts

"Go not like the quarry-slave at night,
Scourged to his dungeon, but sustained and soothed
By an unfaltering trust, approach thy grave
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams."

The man who went out to milk and sat down on a boulder in the middle of the pasture and waited for the cow to back up, was a brother to the man who kept a store and wouldn't advertise because he reasoned that the purchasing public would back up to his place of business, when it wanted something.

Guard Slept; Convict Escaped.

Americus, Ga., March 28.—Ernest Guerry escaped from the chaingang and left Tuesday night. He is the nineteenth misdemeanor convict to escape here recently. Guerry entered the tent of Thomas Bodby, the guard, and exchanged clothes while Godby slept, leaving his stripes and donning the guard's suit and dress shirt. Sumter has been most unfortunate recently in losing convicts, and at present has a larger number in the woods than in the chaingang.

SCOTCH TERMS.

The Word "Clan" and the Relation of Clansmen and Chief.

Everybody knows that the word "mac" (pronounced in Gaelic machk) means son, so that, for example, MacDonald literally means the son of Donald. But it is not generally known that when a woman is spoken of the highlanders substitute for "mac" the feminine "nich," which means daughter; that the vocative of "mac" is "richk" (we spell phonetically), which always replaces mac when a person is addressed, and that the nominative plural is mifchk (sons) or claun (children). Sir Walter Scott's ignorance of Gaelic frequently led him into error upon these points, both in his poetry and in his novels.

The meaning of the Gaelic word clan, as just stated, is children, and the obedience which clansmen owed to their chief was considered by them rather as the affectionate obedience due by children to a father than as that due by subjects to a ruler. They believed themselves to be all blood relations descended from a common ancestor, of which their chief was the living representative. The clansman who hesitated to save his chief's life at the expense of his own was regarded as a coward who fled from his father's side in the hour of peril. On the other hand, the chief was expected at all times to acknowledge the meanest of his clan as his relation and to shake hands with him wherever they might happen to meet. Subordinate to the chief and generally related to him were the chieftains and tacksmen.—London Standard.

A FINE RECOMMENDATION.

Ex-City Officials of Brunswick, Ga., Tell of Ben T. Arnow's Ability.

State of Georgia, County of Glynn, City of Brunswick.

Know all men by these presents, that we, Lewis W. Beach of said State, City and County, and Robt. Levison, also of said State, City and and County, do hereby certify:

That during the latter part of the year 1899, and the first part of the year 1900, we were respectively Chief of Police, and Assistant Chief of Police, or Marshal, and Assistant Marshal, as some term it, of the City of Brunswick, Georgia, in said State and County; the said Lewis W. Beach being Chief of Police, and the said Robt. Levison being Ass't Chief of Police. That during those years, they knew Ben T. Arnow, and that he served under them as a policeman in the employ of the City of Brunswick. That the said Ben T. Arnow was a good, fearless, honest, sober, faithful and efficient member of the police force, for and during all of the time that he served under them during those years. That they can cheerfully and they do recommend him for the position of Marshal so far as they can judge of the qualifications of that office, and they say that from what they know of him, that he will fill that position in a capable and efficient manner.

LEWIS W. BEACH,
ROBT. LEVISON.

To the Citizens of Gainesville:

Having given to you the above recommendation, showing my experience as a public official, will state that I served on the police force in Brunswick, Ga., when I was only twenty years of age, and I promise you that if elected I will carry out and enforce all the laws that fall to the duty of City Marshal that any honest and competent man should or could do.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mantell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts.
